TSONGAS INDUSTRIAL HISTORY

Summer Day Camps

Boott Camp

July 8-12 July 29-August 2

Boys and Girls ages 8-12 (Entering Grades 3-7)

Build and test your own canal system, weave cloth on a four-harness loom, explore the historic Boott Mills and boardinghouse, visit an

operating factory weave room, ride a trolley, take a boat trip on the Merrimack River, play games, and create works of art. Explore the roots of the American Industrial Revolution and find out how this amazing time in history still affects the way we live today!

Wonders of Water

July 22-26

Boys and Girls ages 8-12 (Entering Grades 3-7)

Water is very important to the city of Lowell. Explore Lowell's awesome waterways aboard a National Park Service boat, learn about

water by doing wacky experiments, build a working power canal system, and investigate the creatures that call

water home. Discover the amazing connections between science and history in the "Venice of America."

National Park Adventures

Visiting New Sites for 2013!

July 15-19

Boys and Girls ages 10-14 (Entering Grades 5-9)

Visit five National Parks in Massachusetts to explore America's history and culture. Generate a "spark" learning about Lowell's power system and

take a boat tour of the city's canals. Take part in a colonial muster on Concord's battle road. Climb the Bunker Hill Monument, tour Boston Harbor by boat, and visit historic Faneuil Hall. Become a landscape architect and plan your own city park. Visit Salem Harbor, board a Tall Ship, then make and fly a kite!

Eco-Explorers

July 29-August 2

Boys and Girls ages 10-14 (Entering Grades 5-9)

Lowell may be a city, but nature can still be found here! Spend a week with other "eco-explorers" investigating the natural treasures of Lowell and exploring

the urban national park. Go canoeing on a lazy river, visit a nature center. take an urban nature hike along the Merrimack River, and try to make s'mores without a campfire. Discover the natural world that can be found in Lowell's "backyard"!

August 5-9

Bovs and Girls ages 10-14 (Entering Grades 6-9)

For the older camper who wants more of a challenge. Can you drop an egg from fifteen feet without breaking it? How far you can make a rocket fly? Discover

LAKE TAHOES

plants and animals along the Merrimack River. Have fun on field trips. Weave cotton cloth on four-harness looms. Be an inventor using household "junk" and get messy with science. This camp will take you a step beyond the ordinary!

Summer Camp Staff

Summer camp programs are designed and staffed by professional educators from the University of Massachusetts Lowell and Lowell National Historical Park. We have at least one staff member for each 8 to 10 children. Safety is always our first concern!

> Campers bring a brown-bag lunch. Snacks provided. All campers receive camp T-shirts.

> > **Summer Camps run Monday through Friday** from 8:30 am to 3:00 pm.

The Tsongas Industrial **History Center**

The Tsongas Industrial History Center, located in the Boott Cotton Mills, 115 John Street, Lowell, Massachusetts, is a collaborative project of the University of Massachusetts Lowell Graduate School of Education and the National Park Service at Lowell National Historical Park. The Center encourages the teaching of industrial history in a hands-on way through on and off-site educational programs to over 50,000 students annually. The National Park Service preserves, protects, and interprets America's heritage. Lowell National Historical Park tells the story of America's first planned industrial city and the industrial revolution. The park includes mill complexes, a power canal system, gatehouses, and worker housing. The park is open to visitors throughout the year.

Space is limited. Sign up early! Pre-registration required.
